

Say goodbye to dull hair and irritated, itchy skin

"Who knew filtering shower water could make such a difference? My eyes and skin are not as dry. It's fabulous."

Dana Begley, Pittsburgh PA

"The Showerwise filter has made a big difference in the softness and manageability of my hair."

Leah Oblak, Dayton OH

Your body can absorb more chlorine in a ten minute shower than from drinking the same water all day

"More and more is being written about chemical contamination through the skin, mouth and nose. My husband is hard to please and he too is thumbs up with Showerwise."

Judith Nessla, Alpharetta GA

"With Showerwise I don't have that chemical smell in the bathroom. I am a cancer survivor and aware of all the toxins and pollutants around us. I feel safer using this product."

Carol Earle, Elk Grove CA

Showerwise effectively removes chlorine and other harmful contaminants

"Showerwise filters out the chlorine and other chemicals so well that my skin feels clean and is not dry."

Sherry Reld, Foresthill CA

"We have a lot of iron in our water. This filter system worked immediately in reducing iron smell and increasing softness."

June Ward, Bellefontaine OH

Get a fresher, cleaner, chlorine free shower

Chlorine is used to disinfect most tap water. But chlorine can make your skin dry, sensitive, flaky, and itchy. It irritates your eyes and makes your hair dry and unmanageable. Worse yet, chlorine and chlorine by-products aggravate symptoms for many asthma, allergy, sinus and emphysema sufferers.

Chlorine reduced by 95%

The Deluxe Showerwise Filtration System converts chlorine to a harmless chloride. Showerwise also reduces or removes combined chlorine, hydrogen sulfide (sulfur), mercury, sediment, iron oxide, odor and more... and it prohibits bacterial growth.

The system includes multi-jet massage head with adjustments for full body spray, massage, or spray/massage.

"I love the massage for my shoulders neck and back."

Janine Jacob, Edgewater FL

Easily adjusts for full body spray, massage, or spray/massage

Lasts much longer than other filters

Showerwise has 10 to 20 times the life and effectiveness of any carbon-only filter. While a carbon filter works well in cold water only, the patented KDF and Chlorgon material used in Showerwise performs best in warm or hot water. And Showerwise contains over 50% more filtering material for a longer effective lifetime than most other filters. The filter cartridge lasts 15,000 gallons or 12-18 months.

Easy to install

Showerwise installs easily by hand (no tools required) and the filter cartridge can be replaced in just a few minutes.
